One of the busiest men in Lemon Grove is Judge White. Within the last week, he heard — four criminal cases, two civil suits, seven traffic cases, and within the last two weeks, ten small claims suits were filed in his court.

In tomorrow's game with Sweetwater High, Don Vinson, Lemon Grove's first string half-back is gonna be in there raring to show SH that last years, "after the final gun" victory was no fluke. If he gets his way, Grossmont's average goes to .500, having taken the last two after losing the first three. Grove football addicts are expected to turn out en masse.

If you're tired of our golf department, jump to the next paragraph. All we want to know now is the name of the guy who went out early the other morning in company with others, played around and went home and back to bed? Had a 13 on one, but made up for it with a two on another one. Wasn't J. Hill, who is now playing his best game since Bremerton, Washington. Collecting the dime from Paul Duley added an incentive. Tony Sonka bettered his game by six strokes, also.

When some L. G. male youths came out with their permanent waves, we felt sure we had the latest and would be stuck with it. But now, we don't know. Did you read about ex-Marine Vincent deCesaris inventing a burglar alarm that replaces conventional screeching and clanging noises with the tearful screams of popular feminine movie stars? Seems the purpose is to attract every chivalrous male within a mile or so whereas the old noises merely scared 'em away. Sounds like a fine invention, but for the sake of real, genuine ladies in distress we only hope it doesn't call "wolf" too often.

Fire District Election to Be Held Dec. 7

The regular weekly meeting of the Business Men's Association was held Tuesday Noon at the Lemon Grove Golf and Country Club. President John Van Gilse called the meeting to order after luncheon was over and introduced Mr. Paul Cheatham of the music department of the Lemon Grove School.

James Pearce, president of the Chamber of Commerce, announced that the election to dissolve the present fire district will be held December 7, and urged everyone to vote. The district will have three precincts according to Mr. Pearce: one located in Vista La Mesa; one in Monterey Heights, and one in downtown Lemon Grove.

Mr. Van Gilse then introduced Mr. Byron Netzel, superintendent of the Lemon Grove School, and Mr. S. K. Solleder, principal, who thanked the members and their friends for their support in the school bond election.

Mr. Solleder introduced a quartet of trumpeters from the school band, who played two numbers which were well received.

Next Mr. Solleder presented Nancy Hogan who spoke briefly on "Schools Today and Yesterday"; Jerry Forcier, whose subject was "Health and Safety," and Lorena Wilson, speaking on "Securing Qualified Teachers." All of the speakers were members of the eighth grade class of the Lemon Grove School.

The program was part of the celebration of Education Week, set aside each year to acquaint the public with the problems and benefits of education in the United States.

Frank Higgins then asked what Lemon Grove was going to do in the line of Christmas decorations and after some discussion, the question was set aside until the next meeting. At that meeting the business men will hear a talk by Dr. Frank Weege, local chiropractor.

Before adjourning, the men were invited to attend a meeting of the Y's Men's Club Wednesday evening at the Congregational Church.

Couple Celebrate Golden Wedding Anniversary

A family dinner and informal reception will take place Sunday in the V. F. W. Hall, honoring Mr. and Mrs. George Jewell of 3740 Grove Street, who will celebrate their golden wedding anniversary.

Mr. and Mrs. Jewell were married in Vandriessen, Adams County, Wisconsin, November 14, 1898. They have lived in Lemon Grove for 30 years, Mr. Jewell engaging in the lumber business until his retirement.

All of the Jewell sons and daughters will be present Sunday. There are eight of them. The daughters are Mrs. Virginia Courtney of Seattle; Mrs. Opal Mifflin of San Diego; Mrs. Melvina Fox of Fresno; Mrs. Lois Ernst and Mrs. Emerald Arnold of El Cajon. Their sons are Matthew Jewell of Lemon Grove, Beryl Jewell of Oakland and Laurence Jewell of San Bernardino.

ANNOUNCED MARRIAGE OF SISTER

Mrs. H. Anderson entertained friends at a dinner at her home on Golden Avenue, Tuesday evening to announce the recent marriage of her sister, the former Mrs. Harold Lower to Carl Dickson of San Diego.

Vista La Mesa School About 75 Percent Finished

The board of education of the Lemon Grove School held its regular monthly meeting Tuesday evening. Mr. Vroman Dorman was unable to be present as he was called to El Centro on business.

Routine matters were dispatched, and the announcement was made that the Vista La Mesa elementary school building is 75 per cent constructed. The board expressed the belief that the building will be ready for use after the holidays.

As soon as the bond issue can be completed, furniture will be ordered, and the Vista La Mesa youngsters may hope to be in their brand new building in January.

Back from 8500 Mile Motor Trip

Mr. and Mrs. Fred Shepherd returned Saturday from a motor trip of 8500 miles. They started in August, visiting in Los Vegas, and most of the principal cities along the way, stopping in Illinois, to visit with Mrs. Shepherd's parents, Mr. and Mrs. William Meyers.

Their daughters and families, Mr. and Mrs. Dudley Newman and baby and Mr. and Mrs. Ronald Wessenberg and baby, drove to Illinois in September and spent a month with them, arriving home on Sunday.

Mrs. Shepherd's father, Mr. William Meyers returned with them to spend the winter in California. Also a niece, Miss Ramona Court, will be a guest this winter.

Business Women Hold Meet in Coronado

24 members of the Business Women's Club took a trip to La Avenida restaurant in Coronado, for their bi-monthly meeting last Thursday noon. The women enjoyed their choice of luncheon, with the famous romaine salad for which the place is noted.

Following this they held a short business meeting with their chairs grouped in an informal circle. The main subject for discussion was the coming dinner for the County Planning Federation on Tuesday evening, November 16.

The Club was asked to circulate petitions for the proposed College Avenue Extension and received the request favorably.

Guests at this meeting were Mrs. Dan Apra, Mrs. Mary Hoover and Mrs. Castilla. The next meeting will be held in the Congregational Church basement, Thursday December 2, at the usual hour.

Old Fashioned Fashion Show Acclaimed

Hotel Del Coronado was the scene of another successful showing of the Forward Club Juniors' "Old Fashioned Fashion Show." Having been the setting for many social gatherings through the different eras, the dignified atmosphere of the old hotel provided a perfect setting for the lovely old gowns.

The fame of this production has caused wide spread interest in San Diego, and other nearby communities. This interest has brought many calls, offering the use of old and rare garments. The generosity of these persons provides new additions in each showing, thus making it as interesting to the people who have seen it several times, as it is to the new audiences.

The gowns are beautiful as well as historical. To appreciate the beauty of these gowns they must be seen. The following are just a few of the outstanding ones.

The "Gold Rush" era bustle suits of elegant brocade and fine broadcloth made a striking contrast to the bold flapper creations of the '20s. The flapper dresses brought a big hand and a lot of laughs, as did the "Bicycle Built for Two" act with Gibson Girl, Mrs. Leon Meyers, and her best beau, Mrs. Glen Ballantine.

Mrs. James Constable exhibited a rare old side saddle riding habit of 1894. A lovely wedding gown of heavy slipper satin fashioned with ballooning "leg-omutton" sleeves and high collar was worn by Mrs. Charles A. Whitlock.

Three capes, all over one hundred years old, while very ancient, were beautiful enough to be desired by the young women of today.

Mrs. William Beistline stopped Saturday's show wearing an exquisite ball gown of the hoop-skirt era. The material from which the gown was fashioned, a pineapple fibre, came from Havana, Cuba, ninety-two years ago.

This has been acclaimed as one of the best amateur shows in the county. The Southern District of Junior Federated Women's Clubs Convention was the occasion for Saturday's performance. In appreciation of the performance, the Forward Club Juniors were presented with a three piece console of Imperial Candlewick Crystal.

Members of the cast were: Mrs. Dale Allison, Mrs. William Beistline, Mrs. Art Chappelle, Mrs. James Constable, Mrs. Tedy Hall, Mrs. David Hentigan, Mrs. W. C. Hubbard, Mrs. R. B. Koloquin, Mrs. Kenneth D. Kunkel, Mrs. Leon Meyers, Mrs. DeWitt Myt-

Father Henry Keane has just been appointed as successor to Father Daniel O'Donoghue, who has retired because of his health.

The new Father was born in Ireland, and was educated at the seminary in Maynooth, Ireland. He was at Sacred Heart in San Diego for eight years and later spent two years at Brawley. He plans to assume his duties here in about two weeks.

Plans Progress For Develop't Meet Tuesday

The Business Women's League of Lemon Grove issued an invitation to the San Diego County Development Federation to hold their November meeting in Lemon Grove, on Tuesday, November 16.

The invitation was accepted unanimously and as a result more than 200 guests are expected to swell the Forward Club to overflowing when the big night arrives. The public is invited and guests will be from practically every community in the county and no effort has been spared to make the affair a tremendous success.

According to Mrs. Burton Snyder, president of the Business Women's League, dinner will be served at 6:30. The Hawaiian motif will be carried out throughout the evening, including decorations, music, dinner and atmosphere. There will be Hawaiian music during dinner, with everyone sporting a lei made by the women for the occasion.

While the dinner itself is a secret so far as menu is concerned, it will, we are promised, include foods from the Island Paradise.

After dinner is served there will be community singing and entertainment followed by the welcoming speech by Mrs. Snyder. J. B. Pearce, president of the Chamber of Commerce will speak on the subject "The Growth of Lemon Grove During the Past Two Years." There will also be speakers from Vista La Mesa and Monterey Heights, telling about their civic groups and their development plans for the future. These will be followed by Mr. John A. Van Gilse, president of the Business Men's Association who will discuss community plans for the future.

The meeting of the County Federation will then take place, in charge of Mr. Percy Fisher, president of that group. After the meeting there will be dancing and a social time.

Mrs. John A. Van Gilse is chairman of the entire affair and working with her are Mrs. Paul Duley, in charge of decorations; Mrs. Louis McGee, in charge of the meal; Mrs. Robert Beers, who is handling the music and entertainment, and Mrs. Burton Snyder, program chairman.

Reservations should be made by calling Mrs. George Dickinson at H6-3541 as soon as possible.

Five Grades to Attend Open House

Grades five through eight of the Lemon Grove School plan to attend an open house being held by the La Mesa Telephone Company, November 18 and 19 from 1 to 9 p. m.

This telephone exchange opened in 1923 in a small building 30 by 50 ft. and now occupies a space 90 by 142 ft. and averages 38,000 calls a day.

The company will give the public a "behind the scenes" exhibit of the workings of a modern telephone dial system.

Any one interested in this educational display of telephony is welcome to attend next Thursday and Friday at the company's offices at 8270 Lemon Avenue.

Part of the spectators at the now famous baseball (?) game being played at the recent community picnic sponsored by the Business Men's Association, the Business Women's League, and the Lions Club at Eucalyptus

Park. Reading from left to right, the umpire is Mac McGee, pitcher is Bob Scnick, batter Alice Hill, coach Winans and the catcher is Forrest Baxter. This picture has been blown up

from a small 120 size picture taken by Charles Baxter, son of Forrest Baxter of the Lemon Grove Sheet Metal Works. The ball had just been delivered by the pitcher and may be seen about even with the knees

of the first baseman (at arrow). In the background is John Van Gilse, Burt Snyder, Mr. Boese, Joe Byers, Vince Drosd, Tony Sonka and Andy Benson among the crowd of more than 300.

LET'S DISCUSS IT

by Mrs. Agnes Whitlock

What has happened to our Youth Center or Community Center? It must have been a pipe dream to some people. There certainly hasn't been any backing from the majority of the community. It is very discouraging to the people who have been working so diligently on this project.

Oh yes, there are people interested enough to spend countless hours and lots of headaches on this project. For a while it seemed like they were throwing themselves against a brick wall of indifference. This wall of indifference seems now to have broken and more people are becoming interested.

The disinterest for so long is rather odd, after hearing that most people are so concerned over the amount of juvenile delinquency.

Speaking of juvenile delinquency, it is a known fact that Lemon Grove has one of the largest juvenile delinquency prob-

lems in the county. This isn't just little minor offences, but includes serious criminal counts.

You parents know this, yet do nothing. Why? Aren't you interested in what happens to your children? Ah yes, there's the sheriff, but the sheriff can't play nurse maid to every child in the community. His job is a tough one to begin with, and is made even more difficult by lack of cooperation from parents.

A lot of you will say, "What can we do?" You can help by taking more interest in a son's or daughter's companions, by providing clean entertainment, and by having your young people home at a reasonable hour at night.

This Community Center would provide a place for teenage dances and club meetings; a place to have fun and yet be under adult supervision.

It seems that you parents of teenagers would want to help put over a project such as this. The corrective institutions are full of children who were left to roam the dark streets. The entertainment they found was not the kind you'd care to have your child indulge in.

There's the old argument of,

"the right kind of children don't get into trouble," that is not true. All children are "the right kind" until some circumstance forms them into something else.

It looks like an enormous task, at first, but look again. It really isn't such an impossible job. Nothing is impossible if it is for the benefit of your children and the community at large.

As touched on in this column before, it appears that unity is apparent in all successful community projects. It is very apparent that we need unity. Look what can be done when an entire community gets together on a project.

For example, the La Mesa Iron Lung and the Spring Valley Community Center. If La Mesa and Spring Valley can do it, then Lemon Grove can do just as well, if not better.

There is no need to try and build something so extravagant that the community can't support it. All that is needed is a sturdy structure large enough for community gatherings.

This building is as important to Lemon Grove as the Boys' Club is to the people in San Diego, or the Community Center to Spring Valley. A large part of

Rounding out the full program will be a Woody Woodpecker Cartoon and Chapter 7 of Dick Tracy.

The following boys will be the guests of the Grove Theatre: Dennis Bryan, Bobby Simpson, Jim MacDonald, Ben Alvarez, Ken Stratton, Henry Bonilla, Steve Griggs, Dan O'Donnell and Lyn Warden.

The matinee starts at 1:15.

GIRL SCOUTS AND BROWNIES NEWS

Mrs. Guy Winton's Brownie Troop in Monterey Heights held an Investiture Service Tuesday of last week at 2:00 p.m.

Girls invested were Elaine Webber, Francis Lyn Whealen, Earldine Ward, Elaine Foster, Jane Carlson, Alice Hodapp, Denise Fletcher, Karol Rife Carol Roberts. One mother, Mrs. J. A. Pickens, was invested and Judy Pratt was invested into Girl Scouts.

Medalions were awarded Brownies for a year's service, to Bonnie Jo Pickens, Theodora Tsongas, and Mary Anne Atkins.

Kay Ann Winton and Sharon Cassell were each awarded charm bracelets for perfect attendance the past year.

This Brownie Troop has grown so large that it was found necessary to divide it. Mrs. R. M. Atkins has taken half of the girls and started a new troop which she will lead this year.

A birthday cake was served, the honor going to Juliette Lowe, who founded the organization. Many mothers attended this very interesting meeting. These groups meet each Tuesday at 2.

those buildings were built with volunteer labor. Surely you could spare a few hours some week end to build this building.

There are enough construction men in Lemon Grove to construct a building of the type needed, in their spare time. If everyone would give a little time and labor to this project, no one would have to work over two week ends a month.

Is that too much to ask for the development of the community.

LOOKIN' AT THE GROVE

by John A. Van Gilse

If you have been down town Lemon Grove recently, you must have noticed the change in the park area along the railroad tracks. It has certainly changed during the past weeks and thanks to the very active and civic minded Business Women's League, headed by Mrs. Burton Snyder.

Six months ago the right of way was a mess inasmuch as the Chamber of Commerce felt they could not afford to pay a gardener to care for the planted area. Things looked hopeless, and then along came the Business wives and through their efforts, the merchants fronting the area are now contributing a few dollars each month for the improvement of the railroad right-of-way.

Next Tuesday at the Forward Clubhouse, these same women will play host to the San Diego County Development Federation at the regular monthly meeting. It is the first time this group has tackled such a large event, but it is my bet that it will be one of the finest meetings of the Federation this year.

If you have been in a local store recently, and I hope you have, you have probably seen

IN OUR TOWN ...

... YOU'LL ENJOY SHOPPING

You know, it's actually a pleasure to do the family shopping here in "Our Town." The merchants who serve you are your neighbors and treat you as such. And they're well stocked too with everything you need for all 'round good living. Yes, they're fine people to deal with, and each one appreciates your business. This attitude is just another one of the many reasons why "Our Town" is a good place in which to live, trade and do business.

LEFT MONDAY FOR NEVADA

Mr. and Mrs. F. Dellinger left Monday in their trailer house and new car. They gave possession of their home to Mr. and Mrs. L. B. Killman, who will live there soon, and plan to raise poultry.

FOURTEEN MEMBERS ATTENDED LUNCHEON

Fourteen members of the local Forward Club attended the Reciprocity luncheon by invitation of the club at Lakeside, Thursday, October 29. Mrs. Hugh Miller, formerly Isetta Jewel, leading lady for Otis Skinner, entertained with several dramatic selections.

of Junior Women's Clubs at the Hotel Coronado. Newsreel people are giving due consideration at this time to making a short of the show.

The Forward Club Seniors also are presenting something very worth while. It is their annual Christmas Decoration contest for homes in the Grove. We sincerely hope that the Clubwomen add a commercial division to their contest so it will give added incentive for the many merchants to decorate for Christmas.

All in all, it seems that we need a "women's touch" here in the Grove to get many worthwhile things accomplished.

GIRL SCOUTS AND BROWNIE NEWS

The Brownie troop of St. John of the Cross met after school on Monday and they had their new leaders, Mrs. Cassell and Mrs. Reade, present. At this time the Brownies are very interested in hearing the Brownie Story.

Wednesday November 10, the Brownies went through the Grove Pastry Shop with their leaders, Mrs. Cassell, Mrs. Reade, Mrs. Krause and Mrs. Moranville.

The Girl Scout troop of St. John of the Cross which has been meeting on Mondays, plan now to hold their meeting on Wednesdays. They are working on their tenderfoot and second class badges.

The girls are selling Christmas and all occasion cards and wrappings and three girls have sold ten boxes each, which entitles them to their paid registration. These girls are Shirley Worland, Joanne Wilson and Patsee Krause.

Sunday, November 14 the Women's Club of St. John of the Cross, which sponsors the two troops, will give a dinner and the Girl Scouts are planning to care for the small children while the parents attend the dinner.

The leader of this group is Mrs. F. Krause, and as yet they have no co-leader, so anyone interested in the parish is asked to contact Mrs. Krause.

Miss Bertha Hoover and Miss Florence Hale of Vista Street had a dinner Saturday at their home. Guests were Mr. and Mrs. Henry C. Johnson and Miss Alice Whitmell of San Diego.

FORWARD CLUB WELFARE NEWS

Mrs. Randolph Morse and Mrs. E. B. Barker attended an "ingathering" of the Needlework Guild in San Diego, Tuesday. All the clubs of the area contributed articles of clothing for welfare purposes. Lemon Grove made its quota of 110 articles.

Twenty sunsuits made by the local group were given to Vauclain home for tubercular patients, and the rest of the things, consisting of layettes and clothing for pre-school children will remain in Lemon Grove for distribution as the welfare chairman of the various organizations find they are needed.

Mrs. Morse has been chairman of the Needlework Guild activities for the local Forward Club, and made 31 of the articles herself.

POISONING

(Continued from last week)
In discussing the various poisons we confine ourselves to the most common ones; the emergency treatment and common antidotes can be given by anybody of average intelligence. Where a chemical antidote is of such nature as to be found in the home it will be indicated also. The capital letters used in our descriptions are as follows: P, the poison in question; S, the symptoms thereof; T and A, emergency treatment and common antidote; C.A., chemical antidote.

P—Alcohol, ethyl or intoxicating; S—Partial or complete unconsciousness, face flushed or pale, low temperature, pupils contracted, red eyes, slow breathing, weak pulse, and the smell of alcohol on the breath; T and A—Try hard to arouse the person sufficiently to be given an emetic of two teaspoonfuls of mustard in a glass of water. Turn the patient on the side. Keep the body warm, give strong coffee.

P—Alcohol, methyl or wood; S—In this kind of poisoning the symptoms vary greatly, but generally there is headache, nausea, stupor, or collapse. In a few days blindness may result. T and A—Give an emetic to empty the stomach, keep the body warm, give strong coffee. C.A.—Baking soda in teaspoon doses to counteract acidity.

P—Muratic, Nitric, and Sulphuric acids; S—Severe pain in mouth and throat, in food pipe and stomach; white, brownish, or yellowish spots in mouth and throat; collapse. T and A—Do not give an emetic, but large quantities of milk and raw eggs; gruels, flour and starch will do; keep the body warm and give strong coffee. C.A.—Ample quantities of soapsuds, repeat after a few minutes.

P—Ammonia, caustic potash, or soda, lime; S—Severe pain in mouth, throat, food pipe and

P—Arsenic; S—Burning and pain in the mouth, throat, food pipe, and stomach, followed by vomiting, cramps, watery stools, and collapse. T and A—If free vomiting has not occurred encourage it by giving an emetic; also give large quantities of milk, flour, gruels, starch etc.

P—Carbolic acid; S—Burning sensation in mouth, throat, food pipe and stomach; white spots in the mouth; weakness, dizziness, collapse; the smell of carbolic acid on the breath. T and A—Give large quantities of milk, eggs, gruels, etc. If the poisoned person is seen immediately after taking the poison give an emetic. Keep the body warm. C.A.—One or two glasses of alcohol diluted to 10 percent (wine or beer) is of value.

P—Coal oil and gasoline; S—These liquids when swallowed produce burning in throat and stomach; vomiting, cramps, diarrhoea, and sometimes unconsciousness. T and A—Large quantities of milk, raw eggs, gruels, etc.; give emetic to produce vomiting; keep the body warm and give strong coffee.

A Talk With Parents

by L. E. McGee

There have been many jokes told about the old story of the bees and birds, but it still is one of the best ways to begin sex instruction for children. Nearly everyone now believes that children should be taught sex information at an early age, but most parents wait for the child to ask questions.

That is too late in many cases because the child has been taught by other children in some instances and in others has picked up information from casual street conversation.

It is relatively simple to begin your program of sex instructions at a time when you are watering the garden, or during walks in a nearby field. The honey-bee and his pollenization of flowers is the first and easiest step to explain.

Then, if you have chickens, the next step is simple. If you have none, build a bird house with your youngster's help. Watch with him as the bird builds her nest and be as surprisingly pleased as he is when the eggs are hatched.

Naturally the next step is to have a female pet. Female dogs make the best pets at any rate, and her first litter of pups will provide an excellent opportunity to answer the "why" and "how" questions.

Some parents explain that God arranged for animals to have their babies born from their bodies rather than from eggs (as

VFW PICNIC AT EL MONTE PARK WAS A BIG SUCCESS

A large group of the Veterans of Foreign Wars and their families enjoyed their annual picnic Sunday together with the Boy Scouts, who turned out en masse.

El Monte Park was the setting for the affair and all had a fine time. Six cases of soft drinks were provided for the Scouts of troop 8 which is sponsored by the VFW. The leader of this local troop is Glen McFarland.

After a big dinner a ball game was enjoyed, the (old) men beating the boys 12 to 6. The Scout leader pitched and some of the committeemen helped the boys. Some ladies aided the boys too. Mrs. Betty Johnson played center field and Mrs. Wayne Hedge played third base.

A Horse Shoe Tournament was a feature event and the champions were Commander Johnson and Gordon Caprone. They "took 'em all."

In the ladies event the champs were Betty Johnson and Mrs. Gordon Caprone. The men also challenged the women to a game and won over them.

There were several races and contests for the boys and prizes were given.

birds do) because animals on the ground were more susceptible to attack from larger animals and would have had to leave a nest of eggs and flee. Of course this would allow the eggs to become cold or be destroyed so God in his wisdom arranged for animals, human as well as others, to carry their babies in their bodies until they were ready to be born.

Also, in this way, babies are more a real part of their mothers

Meet White Outlaw

which is why mothers love their babies so much. Just watch the care and nursing that your female dog gives her puppies and how she protects them.

I never can understand why some parents refrain from the duty of sex instructions when the job is so easy and interesting. Children's minds, eager for information, are so pliable and absorbent that teaching the child about his body and its functions should be an exciting adventure to both parent and child and not an experience to be dreaded. The child should realize (and so should the parent) that the human body was designed by God or nature, as you choose, but it was designed for beauty and usefulness. I have seen a boy attending a swim at the YMCA for the first time, very embarrassed because the boys swam with no trunks. That shame and embarrassment was caused by a parent who, with very good intentions, tried to teach the child to keep his body covered, but stressed the shame angle to such an extent that the boy suffered until he saw that all the other boys were enjoying themselves and weren't ashamed. He quickly disrobed and jumped in and had a glorious evening. But I'm afraid some mother's or father's stock dropped a few points in the mind of their son.

Of course a child must learn to keep his body unexposed, but more stress should be placed upon privacy and courtesy rather than indecency.

You don't discuss your income or financial affairs with strangers; you don't smoke in a room where ladies are present without their permission; you don't sit while ladies are standing; likewise you don't undress before members of the opposite sex, except possibly members of your own family.

In other words, make it one of those things we do, normally, never making a bigger issue of

"EASY DOES IT"
IF YOU'RE IN A QUANDARY as to what salads to serve during cold weather, you'll find suggestions in today's column. Many of these are colorful and festive enough to find a place in your holiday menus.

ORANGE SECTIONS, apple wedges, chopped peanuts and finely shredded raw cabbage make a delightful combination with French dressing.

If you like a tart salad that goes particularly well with fowl, mix pineapple chunks with grapefruit sections and serve in calavo halves. A crumbled blue cheese in a French dressing goes nicely with this.

TOKAY GRAPES, halved and seeded, make a nice mold when used with lemon-flavored gelatin and cream cheese.

RECIPE OF THE WEEK

Savory Stuffing
(For 12-pound bird)
8 cups toasted bread crumbs
1 teaspoon salt
¼ teaspoon pepper
2 teaspoons poultry seasoning
2 onions, diced
½ teaspoon grated orange peel
2 tablespoons fat or drippings
1 egg
¾ cup hot water, stock or milk
Blend crumbs and seasonings. Fry onion in fat until golden colored, blend with crumbs; add slightly beaten egg and liquid. Cool mixture and fill cavity of bird which has been rubbed with salt.

Have you tried canned string beans in a salad? They're fine when mixed with diced cooked bacon, hard cooked eggs, chopped, and oil and vinegar dressing. Serve on lettuce leaves.

RAW CAULIFLOWER FLOWER-ETS combine nicely with slices of large onion, sliced stuffed olives and an oil-blue cheese dressing.

A colorful salad bowl can be made of the following vegetables arranged in mounds on lettuce and served with your favorite dressing: canned asparagus tips, cooked and chilled lima beans, cooked, sliced carrots and sliced beets.

exposure than you would with failure to say "thank you" or "please."

If you have a child under the age of six and if you are beginning your sex training, you will undoubtedly have a very wonderful experience, because the reactions of these children to the story of parenthood is usually remarkable.

The stories of what these youngsters say and do when the truth penetrates and they realize that they are actually a part of the body of their mother, are a real lesson to us, in faith, trust, and understanding as the bible teaches those things.

Maybe you'll even understand a verse in the Good Book which says, "Unless ye become as one of these." That kind of love and faith is what the Father of us all is trying to impart to us.

Truly we teach and we learn by our own teaching.

36 Boys Enjoy Swim Party Guests Of Ys Men Club

The Y's Men's Club sponsored another of their popular semi-monthly swims at the Y. M. C. A. last week. Thirty six boys attended the last two swims and had a good time if fatigue and an early bed time mean anything.

The boys played games, raced and dived from 7:00 p.m. until 8:00 p.m. and when the whistle blew to come out and dress, there wasn't a single protest. Mr. Goodal drove the bus load to the "Y" and Mac McGee acted as leader.

The Y's Men meet on alternate Wednesdays at the Congregational Church, and their work is to further Youth welfare in Lemon Grove. The main project they desire to create is a swimming pool for Lemon Grove, which they believe will materially decrease the delinquency rate.

Byron Netzley will be the principal speaker at their next meeting and his subject will be Delinquency and How the Y's Men May Help the School Authorities.

Rev. Dan Apra is temporary chairman of the group and personally invites all men interested in youth to come to the meetings and affiliate themselves with the organization.

Back from Vacation

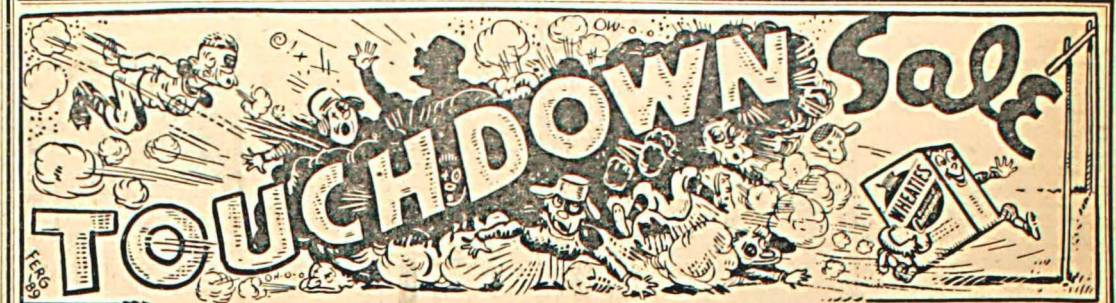

Mrs. Al Huebsch of the Grove Quality Cleaners returned Monday from a two weeks vacation spent in Gonzales, visiting with her sisters.

While there they motored to picturesque Monterey by the sea, for an outing.

Mr. and Mrs. Sidney R. Close attended a Square and Folk Dance Festival at the high school in Hollywood last week end. It was given by the square dance clubs and recreation departments of the neighboring communities. Instruction was given by Dr. Lloyd Shaw of Colorado Springs, and his group of young people.

Returning from church Sunday, Mrs. Emma Cass and her daughter Mamie Cass of Adams Avenue, found their house ready to burst into flames due to a defective oil heater. They have been forced to move into the home of their son and brother, Isaac Cass next door while the house is completely redecorated.
